HYUNDAI
NEW THINKING.
NEW POSSIBILITIES.

2015 HYUNDAI
SONATA

THE ALL-NEW SONATA.
NOW WITH EVEN MORE WOW FACTOR.

It's not listed among all of the advanced features found on the new 2015 Hyundai Sonata, but it's everywhere you look – the Wow Factor. It starts with your first glimpse, as details catch your eye: The striking LED Daytime Running Lights. A taut body shaped for visual effect and class-leading aerodynamic efficiency (with a scant 0.27 drag coefficient).

Approach the driver's door, and the handle illuminates.[1] Around back, there's a hands-free smart trunk.[1] Inside, Sonata's new driver-oriented interior invites you to take command – a role made easier thanks to a center stack that's now angled toward the driver. Available dashboard technology includes an 8″ touchscreen navigation system loaded with premium audio features and enhanced with Siri "Eyes Free"™ integration.[2]

Whether you choose Sonata SE, Eco, Sport or Limited, you enter a cabin so spacious, the U.S. EPA classifies it as a large car. It's room with a view. And a viewpoint: Perks like ventilated front seats, a panoramic sunroof and an arsenal of the latest active safety technologies shouldn't be exclusive to premium luxury sedans.[3] Sonata models equipped with optional Forward Collision Warning have earned a Top Safety Pick+ rating, which satisfies the industry's most stringent testing.[4]

At Hyundai, we've been changing what people can expect from their next car, and from the company that makes it. We believe change is good. And in the case of the all-new Sonata, it's exceptional.

[1] Available on Sport and Eco models. Standard on Limited and 2.0T models. [2] Siri "Eyes Free" requires a compatible Apple® iPhone® or iPad.® Apple, Siri, iPhone and iPad are registered trademarks of Apple Inc. [3] Ventilated front seats and panoramic sunroof available on Sonata Limited models. [4] Top Safety Pick+ rating based on a "Good" in the 31 mph side-impact crash test, 40 mph moderate overlap frontal crash test, 20 mph rear-impact test, roof strength testing, a Good or Acceptable in the 40 mph small overlap frontal crash test, and a basic, advanced or superior rating for front crash prevention performed by the IIHS. For details, visit www.iihs.org. [5] Available Fall 2014.

2014 IIHS TOP SAFETY PICK+

Download the **Hyundai AR** app and point your device at the Sonata to see it come to life in 3D.

SONATA LIMITED 2.0T in Lakeside Blue[5]

DRIVE MODE SELECT The 2015 Sonata comes standard with Drive Mode Select. It alters steering calibration and engine mapping to create distinctive characteristics for each of the three selectable driving modes: ECO for fuel efficiency, NORMAL for balanced performance and SPORT for dynamic steering feel and aggressive engine response.

HYUNDAI BLUE LINK® Our innovative telematics let you search for points of interest using voice commands and download them to the navigation system. If your Hyundai is stolen, Blue Link can immobilize it. A mobile app even lets you lock, unlock and start your car remotely. For a full list of features, visit HyundaiBlueLink.com.[2]

SONATA SPORT 2.0T in Symphony Silver

Sonata Sport and Sport 2.0T

THE ROAD IS CALLING. THIS IS OUR ANSWER.

If your pulse quickens when you see the new Sonata Sport's performance-oriented exterior details and specially trimmed interior, wait until you drive it. That's when the adrenaline really kicks in.

A standard 185-horsepower 2.4L GDI 4-cylinder engine is every bit as responsive as it is fuel-efficient. The 245 horsepower of an available twin-scroll 2.0L turbocharged powerplant rivals a V6 in power, but with a more efficient, lighter design.

Grip the leather-wrapped D-cut steering wheel and point Sonata Sport 2.0T at the apex of a curve. You'll feel the precision of performance tires on 18″ alloy wheels working in concert with a stiffer body and sport-tuned suspension and steering systems. Press the brake pedal, and you'll feel how Sonata Sport's larger front disc brakes respond in equally impressive fashion.

Best of all, you can do all of this in perfect comfort. Sport seats are available on Sonata Sport with larger leather bolsters that hold the driver and front-seat passenger firmly in place as the road twists and turns. On Sonata Sport 2.0T, the leather-trimmed seating is framed by an all-black headliner, 3D Tech accents and aluminum pedals.

Okay, how's that pulse rate doing now?

[1] Available on Sport and Eco models. Standard on Limited and 2.0T models. Class comparison based on primary midsize sedan competitors as defined by Hyundai Motor America. Competitors within this class are Chevrolet Malibu, Ford Fusion, Toyota Camry, Nissan Altima and Honda Accord. Claim based on comparison of specifications on manufacturer websites. [2] Only use Blue Link and corresponding devices when it is safe to do so. Blue Link is available on most 2015 Hyundai vehicles. Blue Link subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com.

DEALER E-PROCESS

IT KNOWS YOU'RE THERE Walk up to your new Sonata, and it says hello by illuminating a door handle welcome light.[1] Sonata also features the first hands-free smart trunk in its class.[1] Stand behind the trunk for three seconds with the key fob in your pocket or purse, and it opens automatically.

ADVANCED SAFETY The new Sonata's body is composed of more than 50 percent advanced high-strength steel – a material twice as rigid as ordinary steel, yet 10 percent lighter. The payoff? Greater occupant protection with precise handling and athletic driving dynamics.

SONATA **SPORT 2.0T**

245 HP

CENTRAL COMMAND An available 8″ display features enhanced brightness and touch sensitivity, while a new split-screen lets you look at maps with junction views and audio options all at once. Rearview camera? Check. Voice commands? Check. Premium 400-Watt Infinity® audio system with SiriusXM,® HD Radio™ and advanced Blue Link features? Check. Check. Check.[4]

FORWARD COLLISION WARNING What if your car could sense potential collisions and react automatically? That's what the technology behind Sonata's Forward Collision Warning does. It uses a camera to scan the road in front of your car – if it detects conditions that could lead to a collision, the system alerts you with a warning chime.[5]

SONATA LIMITED Ultimate Package in Phantom Black

Sonata Limited and Limited 2.0T

IT'S CALLED SONATA LIMITED. BUT ITS AMENITIES ARE PRACTICALLY ENDLESS.

The 2015 Sonata Limited reflects new thinking about the art of luxury. Our designers evolved Hyundai's Fluidic Sculpture aesthetics outside, and created a new interior that turns Sonata into a haven of quiet sophistication and contemporary convenience.

Bluetooth® hands-free phone integration with voice recognition and audio streaming comes standard, and an available Tech Package puts Pandora,® SoundHound® and Siri "Eyes Free" functionality at your command. Sonata is one of the first to offer Apple CarPlay® and Google™ Android Auto,[1] which let iPhone® and Android smartphone owners integrate their device with Sonata's 8″ touchscreen display.[2]

Sonata Limited also incorporates our latest innovations in the area of safety. A full array of driver aid features includes available Forward Collision Warning and Lane Departure Warning, as well as standard Blind Spot Detection with Rear Cross-traffic Alert and Lane Change Assist that automatically factors the speed of vehicles in adjacent lanes into its warning calculus when you're switching lanes.

So relax and settle into the heated leather seats that come standard. You can even opt for the soothing comfort of an available heated steering wheel, or the enhanced cooling of available ventilated front seats. There's that Wow Factor again.

[1] Delayed availability. [2] Apple® CarPlay works with iPhone 5s, iPhone 5c and iPhone 5 running the latest version of iOS 7. Google, Android and Android Auto are trademarks of Google Inc. [3] Smart Cruise Control with stop/start capability is not a collision avoidance or warning device. Smart Cruise Control is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. [4] All SiriusXM services require a subscription, sold separately by SiriusXM after a free 3-month trial period. Fees and taxes apply. All fees and programming are subject to change. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. [5] The Forward Collision Warning System is intended to be a supplement to safe driving practices. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles under certain conditions. The system does not provide a braking function. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely.

Information Provided by:
DEALER E-PROCESS

SMART CRUISE CONTROL Radar is used to maintain a desired speed and distance from vehicles in front of you. When traffic stops, the Stop/Start feature brings you to a full stop automatically, then re-engages if the vehicle ahead moves forward within 3 seconds.[3]

SUN OR SHADE Sonata Limited models are available with a panoramic sunroof to let in light. Want shade instead? They're also offered with manual rear side window sunshades.

MULTIMEDIA **TOUCHSCREEN**

8-inch LCD

2015 HYUNDAI BLUE LINK HIGHLIGHTS

CONNECTED CARE This Blue Link package ensures you're not alone in an emergency. Automatic Collision Notification and SOS Emergency Assistance report your position and connect you to an operator in a flash 24/7/365.[1] Connected Care also includes monthly vehicle health reports (online or by email) and Service Link, which lets you schedule service appointments from the driver's seat.

DESTINATION SEARCH POWERED BY GOOGLE™ Searching for destinations of your choosing has never been easier. At the press of a button or through voice commands, address and contact details appear on your navigation screen. The destination searches you perform via MyHyundai.com or your Blue Link app can be sent directly to the navigation system in your Sonata.

REMOTE ACCESS Sonata's Remote Start can be customized to match driver preferences. Remote Start with Climate Control includes the option to set a 1-10 minute engine timer, as well as the option to select a desired cabin air temperature or set the rear-window defroster. If your plans change after remote-starting your car, you can stop the engine remotely, too.[2]

"Overall, the 2015 (Hyundai Sonata) gets some serious improvements in styling, ride quality, interior room, and steering, while gaining a bit more responsiveness across the model range. With a base price set just below that of the 2014 car, the new Sonata represents good value too."

– MOTOR TREND, June 2014

SONATA LIMITED 2.0T in Gray Leather

[1] Blue Link agents will contact existing emergency service responders. Only use Blue Link and corresponding devices when it is safe to do so. Blue Link Connected Care includes 1 year of the Blue Link Connected Care Package and requires an active Blue Link subscription. One year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Cellular and GPS coverage is required. [2] Remote Vehicle Start is only available for push-button start equipped vehicles with an automatic transmission. Not available on all models. Remote Climate Control available on navigation-equipped models with fully automatic temperature control.
